Reduce service times and keep your kitchen organized with these American Metalcraft square deep dish pizza pan separators! Not only do they function as covers for proofing or sanitarily preserving pre-made dough, they also serve as separators for vertically stacking your pans of dough between prepping and baking. These high-quality separators are constructed of 14 gauge, 1.5 mm heavy-weight aluminum, making them ideal for industry use! They can be perforated with the same round pattern used on all perf pans. Compatible with our 1-1/2 inch and 2 inch deep square pans.

With a length/width of 10-1/2″, this square cover for 8″ square pans is a must-have in your pizza kitchen. With this lid, you will be able to save time by preparing your pizza dough in advance and having it ready for your customers' requested toppings. Using a cover for your pre-made dough will maintain the freshness and integrity of your patrons' pizzas, as it provides protection from contaminants. You can also use this product as a stacking cover or pan separator to stack pre-made dough and pizzas until you are ready to bake them. Constructed of 14 gauge, 1.5 mm heavy-weight aluminum, this durable cover is rust, corrosion, and warping resistant. Use this lid at your pizzeria, restaurant, diner, or hotel kitchen. Made in the US. Hand wash only using aluminum-safe detergent. Compatible with the following Square Deep Dish Pans: SQ810, HCSQ810, SQ815, HCSQ815, SQ820, and HCSQ820.
