One-Piece Ladles

L1107

LADLE, STAINLESS STEEL, ONE-PIECE, 7 OZ.
12-1/2" HANDLE

List Price: $6.60 EA

Pack: 12/120 Cu. Ft.: 2.48 Weight: 43 lbs

Our ladles are anything but ordinary! Made of heavy-gauge stainless steel, these one-piece ladles are the epitome of commercial quality. Unlike standard ladles, ours have a permanent size capacity engraving, so you can scoop, measure, and portion with just one tool. The handles also have a convenient hooked design, so you won't have to worry about the ladle sliding into your pot or pan when resting. Available in 11 different sizes, our all-purpose ladles can accommodate anything from salad dressings to hearty stews!

Easily measure, portion, and scoop your dressings, sauces, and soups with this 7 oz. ladle. Designed with an 12-1/2″ handle, this all-purpose ladle keeps your hands a safe distance from hot pots and stoves. The handle also has a clear engraving of the ladle's capacity, so you can consistently portion your broths and stews. Plus, the handle's hooked design allows you to rest the ladle against the edge of your pots or hang it when not in use. Because of this tool's heavy-gauge, one-piece stainless steel construction, you won't have to worry about food particles getting stuck in between welded pieces. It is highly durable and won't bend or rust even with daily usage. Use this ladle at your restaurant, buffet, caf??, or catered event. Dishwasher safe for easy handling.

- Stainless Steel
- Silver
- Dishwasher Safe
- Durable One-Piece Design
