List Price: \$56.20 EA

Pack: 12/144

Cu. Ft.: 1.65

Weight: 27 lbs

Pre-printed, three-sided, stainless steel signs allow you quick options for labeling beverages, coffee creamers, or dietary options like vegan, vegetarian and gluten-free. Why take the time to continuously create labels for predictable daily menu items? Get the signs you need and flip for the appropriate display. Problem solved in a convenient, neat, professional way. Sleek design in a bold, black, easy-to-read typeface.

Make your coffee station less confusing with this handsome stainless steel, three-sided, weighted label. The words "coffee," "decaf," and "hot water" are printed, one on each side, so wait staff can quickly flip to identify each beverage without creating homemade signs. The work is done for you, and the 4-3/4" L x 1-1/2" W x 1-3/8" H signs require almost no space. Stainless steel washes up fast and lasts forever.
