Looking for a contemporary alternative to the diner-style card holders of yesteryear? This collection of Contemporary Card Holders from American Metalcraft are just the ticket. With modern materials and simple, understated designs, these card holders wouldn't look out of place in even the trendiest sushi bar or pâtisserie.

The epitome of value and simplicity, these translucent acrylic card holders take up as little space as possible, ensuring that your signage gets all the attention. Plus, they come in a pack of 50, so you'll have enough for even a super-sized catered occasion. Comes with a carrying case that fits all 50 card holders for easy storage between events.
