Where the elegant look of porcelain meets the durability of melamine, you'll find our unbelievably useful Endurance Collection. These angled melamine bowls boast long-lasting reliability in everyday performance without sacrificing aesthetic appeal. Their subtly rising edges create a contemporary silhouette, and their white finish is guaranteed to make vibrant foods pop. Not recommended for microwave use.

Our 64 oz Angled Round Melamine Bowl from the Endurance Collection is versatile enough to serve individual entrées or buffet-style soups and salads. Your customers will think it's crafted from stunning porcelain, but because it's melamine, it has an unbeatable durability that can stand up to even the most bustling crowds and kitchens. Pair this exceptional bowl with more of our dramatic touches, like our Squavy bowls and teardrop salt & pepper sets. Not recommended for microwave use.
