And because they're made of easy-to-sanitize, stain-resistant melamine, you can create gorgeous displays without sacrificing safety and practicality.

Measuring 13-3/4" in diameter, this acacia wood round serving board is perfect for appetizers, charcuterie or even personal pizzas. Hidden feet underneath allow for just enough space to easily lift and serve the board to the table. Unlike traditional natural serving boards, you get the look of wood with the easy handling only melamine offers. Acacia wood meets melamine. It's truly the best of both worlds.
