If you want to serve your customers perfectly symmetrical pizza slices, a standard cutting board just won't "cut" it! Our pizza slice cutting guides feature a marked template you can cut along, allowing for consistent and efficient slicing. They are great to have on hand for new staff members in training! The boards include markings for personal-sized pizzas as small as 6" all the way up to 18" extra-large pizzas. Designed with product safety and quality control at the forefront, these boards are made of natural pressed wood fiber.

Impress your customers with perfectly-sliced pizzas when you use this pizza slice cutting guide. Designed for commercial kitchens, this compressed wood board is made of natural pressed wood fiber. The marked template helps you cut 6 symmetrical slices for 6"-18" pizzas, making it a great guide for new staff members in training. Measuring at a length/width of 20" and height of 1/4", this board is also large enough to be used as a cutting board for your pizza toppings! Because of its high-quality construction, this board will prove reliable for years on end. Use it at your pizzeria, restaurant, bakery, or hotel kitchen. To care for your pressed wood cutting guide, wipe it clean with a damp cloth without soaking.
