Heavy-Duty Utility Tongs

HDUT1600

TONGS, STAINLESS STEEL, EXTRA HEAVY-WEIGHT, 16″ L

List Price: $8.00 EA

Pack: 12/72 Cu. Ft.: 1.22 Weight: 44 lbs

Built for demanding commercial kitchens, our heavy-duty stainless steel tongs deliver exceptional durability and control during high-volume service. The reinforced construction ensures a secure grip and reliable performance with all types of foods. These tongs provide long-lasting strength and comfort you can depend on.

With a length of 16″, these versatile utility tongs are a serving essential! Featuring scalloped edges, these tongs securely grasp foods and allow you to maneuver them as needed. Perfect for buffets, catered events, and back-of-house grilling, these tongs can be used for plating salads, flipping burgers, serving bread rolls, and more! The replaceable tempered double flat steel springs easily open and close, so you can pick up foods both big and small. Designed for commercial use, these tongs also have a concave utility grip for comfortable handling. Their extra-heavy weight 1.2 mm stainless steel construction offers long-term durability, even with daily use by both staff and guests. Use these dishwasher-safe tongs at your restaurant, bar, cafe, or hotel.

- Stainless Steel
- Silver
- Dishwasher Safe
