At first glance, these boards look like beautiful acacia wood serving pieces. But upon closer examination, they're actually crafted from durable, dishwasher-safe melamine! In a range of shapes and sizes, these pieces are the ideal way to present bread or hors d'oeuvres with rustic warmth. And because they're made of easy-to-sanitize, stain-resistant melamine, you can create gorgeous displays without sacrificing safety and practicality.

This 17-3/8" L x 9-7/8" W acacia wood piece is an absolute jaw-dropper. Its organic form is memorable and chic, making it perfect for displaying your signature appetizers. Hidden feet underneath allow for just enough space to easily lift and serve the board to the table. Unlike traditional natural serving boards, you get the look of wood with the ease of handling that only melamine offers. Pair it with our stainless steel sauce cups for an eye-catching mixed-materials look. Not recommended for microwave use.
