Eco-friendly service is on the rise, and our Bamboo Collection is a great way to get in on it. Crafted from eco-friendly bamboo, the warm wood tone of these bowls is perfect for casual settings like breakfast buffets or catered hotel events. Also, their clever angled design allows for maximum visibility compared to straight-edged bowls. It's the stylish, eye-catching way to go green for your next event.

Coming in at just 8 ounces, our smallest angled bamboo bowl is an eco-friendly way to display mints, sugar packets or other petite condiments. Because of the unique angled design, you and your customers will both appreciate this piece's easy access and visual appeal. Pair it with other pieces from our Bamboo Collection to create stylish consistency throughout your buffet presentation.
