Bring elegance to the table with our sleek stainless steel cheese knives. Each knife is designed to serve a different type of cheese, from hard Parmesan to soft Brie, while the fork easily transports each serving to your plate. Pair with any of our diverse serving boards to complete the look.

This 9" L perforated stainless steel knife is crafted to glide through soft cheeses like mozzarella, baby brie and chèvre. With a sturdy ergonomic grip, you'll be able to assemble cheese board after cheese board without tiring. The perforations keep this blade from sticking to the cheese, making it a must-have for any restaurant that serves cheese-lovers. (And let's be honest—that's pretty much every restaurant!)
