Get ready to make some great concoctions with this chemistry collection. Mixologists will have a blast with this collection that features capacities right on the glass. Available in a number of different sizes.

Measuring 6-1/2" DIA. x 11" H with a hearty 68 ounce capacity, this glass chemistry flask is a fun and eye-catching way to serve a pitcher of beer – or any beverage you love – to the table. With capacities listed along the side, this piece makes mixology both easy and fun – and the chemist look is a great way to add a new spin on classic bartending. Pair it with more from the Chemistry Collection to experiment with a fun, new aesthetic.
