Where the rustic look of cast iron meets the functionality of porcelain, our Black Matte Finish Porcelain Casserole Dishes are a lifesaver for both buffet service and table service. These dishes are oven-safe up to 320°, making them ideal for items that need to be kept warm before being served. And because they're made of porcelain, they're dishwasher-safe and quite durable. These casseroles come in a range of sizes to suit all sorts of applications.

This 20 ounce dish is ideal for serving individual comforting dishes like mac and cheese, spinach dip and cobblers. With handles on both ends, transporting this dish is remarkably easy. So before you start lugging real cast iron back and forth between your kitchen and dining room, consider this porcelain alternative instead. You'll thank us later.
