Our Crave Collection of break-resistant melamine dinnerware offers a look that is far from your grandma's melamine. Fast forward to the 21st century, where technological advancements in designs, materials and manufacturing techniques create artisan-quality melamine that captures the look and feel of china – all at a fraction of the cost and two to three times the service life. NSF-certified and BPA-free, the Crave Collection is safe in terms of durability, design and ability to be thoroughly sanitized. In a wide variety of plates, platters, bowls and mugs, each artisanally designed piece features organic edges to elevate food service everywhere.

Measuring at 6-1/2" in diameter, this coupe-style white (Cloud) plate is the perfect way to serve homemade bread and compound butter. Featuring the Crave Collection's signature organic edge, this plate conveys both a modern and artisanal flare while its soft white color easily coordinates with other tabletop items.
