Equally elegant and eye-catching, the Mesa Collection is a fabulous way to make your buffet service memorable. Featuring a classic combination of wrought iron and hammered copper or stainless steel, each of these items works independently or as a cohesive collection.

Don't just keep coffee and other beverages hot. Add some sizzle to their presentation with this gorgeous, classically-styled round hammered steel urn. Its 3.25 gallon (52 cup) contents are easily kept warm by a can of chafer fuel placed on a built-in shelf beneath the urn. And they're easily dispensed by its easy-flow spigot, while its black base is stylish, sturdy and allows the urn to be easily removed. But it's the urn's look that truly sets it apart. With a gleaming silver finish, it lends elegance and class to any contemporary setting. From fine dining to fancy events, this urn will suit even the most discriminating diner's fancy.
