American Metalcraft's signature Crave Collection combines durable, easy-to-sanitize melamine, organic silhouettes and sophisticated colors. These Crave Serving Bowls bring that graceful functionality to a classic form that's ideal for restaurants and buffet lines alike. Pair them with other items from the Crave Collection, and you'll have a tabletop display that practically begs to be captured and posted to social media.

This 185 ounce serving bowl comes in a clean Cloud color that makes its contents—especially brightly colored foods—pop. Its organic edges give it the natural form of a hand-thrown bowl, but because it's made of melamine, you'll have an easier time carrying and cleaning this bowl than you would any bowl that comes out of a kiln! Where the beautiful meets the practically indestructible, our Crave Serving Bowls shine.
