These hand-blown glass designs feature an inner chamber for vinegar and an outer chamber for oil, keeping everything in one place for easy service.

Add intrigue to your presentation by serving fresh baked baguettes alongside this artistic glass cruet. There are 13-1/2 ounces in the outer chamber for oil, and 3 ounces in the inner chamber for vinegar. Since it's glass, it has an upscale feel, and the hand-blown design is stunning and imaginative. Serving both in one bottle saves table space too, so you're delivering both form and function. Pair it with some of our olive wood accessories, or serve alongside one of our faux olive wood boards for a rustic, picturesque effect.
