Weight: 26 lbs

Upgrade your serveware with our rustic pressed wood pizza peels! Featuring a natural beige color and smooth exterior, these peels are a creative solution for serving a variety of foods in a way that makes you stand out from the rest. The blade's tapered edges gently slide under food with ease and care. Plus, with the comfortable short handle, carrying food from the kitchen to your patrons is a total breeze. Designed with food safety as a top priority, these peels are made of NSF and USDA listed material. Available in a variety of sizes to accommodate both personal-sized and family-style portions.

With a blade length of 14", blade width of 16", and overall length of 24", this pressed wood peel is perfect for artfully serving pizza, flatbread, artisanal bread, and charcuterie. Unlike traditional wood peels and boards, this high-quality peel is made of NSF and USDA listed material that does not harbor bacteria and will last long in a commercial setting. It features tapered edges that gently slide under food with ease, as well as a short wooden handle that allows for quick and comfortable serving. In addition to being highly functional, this peel has a natural beige color and smooth exterior that are a step up aesthetically from typical displayware. Use this peel at your pizzeria, restaurant, bakery, or hotel. To care for your wood peel, wipe it clean with a damp cloth without soaking.
