Proper measuring is one of the most important keys to successful cooking and baking. Let our collection of short-handled measuring cups help you with that! Specially designed with short wire handles, these cups offer more comfortable and controlled scooping. Highly durable, they have a 200 series stainless steel construction that can endure regular use at any busy commercial kitchen. Plus, not only do these cups stack, but they can also hang for space-saving storage. We conveniently offer a wide range of size capacities to accommodate all your kitchen's needs! Sold individually.

Measuring at an overall length of 8-1/8", this 2-cup wire-handled measuring cup makes baking a breeze. It is ideal for accurately measuring out dry ingredients, such as sugar, salt, baking soda, oats, nuts, and flour. With this handy utensil, you'll be able to create the perfect cake and brownie batter, or pie, bread, and pizza dough. Best of all, it is specially designed with a short wire handle that allows for comfortable and easy scooping. When not in use, the convenient wire handle serves as a hanging hook for out-of-the-way storage. This measuring cup is constructed of durable 200 series stainless steel that can withstand the everyday wear and tear of busy commercial kitchens. Use it at your pizzeria, restaurant, diner, bakery, caf??, or hotel kitchen. Dishwasher safe for easy handling.
