These dough boxes and lid make proofing and storing pre-made dough as easy as pie! Once your dough is kneaded, simply pop it in one of the 3-1/8", 3-1/2", or 3" deep containers and cover it to lock in moisture. Your dough will rise to perfection! Repeat this process as many times as you'd like – these boxes securely stack, so you can prepare loads of pizza and bread dough in advance while still maintaining a tidy kitchen. Designed for industry use, these boxes feature a tough plastic construction that ensures long-lasting durability.

With a length of 18", width of 26", and height of 3", this rectangular standard dough box is perfect for storing and proofing pizza and bread dough. Designed for commercial use, this box features a tough ABS plastic construction with reinforced sides, corners, and edges. It will last for years on end! For your convenience, the plastic is dishwasher safe and easy to maintain. The box also stacks securely and takes up minimal space in storage. Use this dough box at your pizzeria, restaurant, bakery, or hotel kitchen. Made in the US. Compatible with our DRBC1826 Dough Pan Cover.
