Our Crave Collection of break-resistant melamine dinnerware offers a look that is far from your grandma's melamine. Fast forward to the 21st century, where technological advancements in designs, materials and manufacturing techniques create artisan-quality melamine that captures the look and feel of china – all at a fraction of the cost and two to three times the service life. NSF-certified and BPA-free, the Crave Collection is safe in terms of durability, design and ability to be thoroughly sanitized. In a wide variety of plates, platters, bowls and mugs, each artisanally designed piece features organic edges to elevate food service everywhere.

Measuring at 12" L x 7-1/8" W x 1" H, this versatile white (Cloud) rectangular melamine platter is the perfect way to pair up a soup and sandwich or even serve a shareable side. The coupe shape allows you to use every bit of surface area for your culinary creations. And Crave Collection's signature organic edge provides a rustic touch with a contemporary flare.
