Dazzle your customers with 5-star service when you deliver their pizza orders using our all-in-one delivery bags! Available in a variety of sizes and styles, these durable bags can accommodate deliveries for any type of establishment in the foodservice industry. Whether you run a pizzeria, fast-food restaurant, sandwich shop, or catering business, this collection has the right bag (or bags!) for you. We have specially designed all our delivery bags with thick insulation to keep hot foods oven fresh during transportation – your customers will receive the same quality at their door as they would at your restaurant. We have also made sure to include comfortable carrying straps, so your staff can complete heavy and multi-stop deliveries without breaking a sweat. Constructed of high-quality materials, our bags will prove to be dependable even with daily long-term use!

With its durable polyester construction and reinforced stitching, this deluxe black pizza delivery bag is a direct replacement for our BLB1926 Deluxe Delivery Bag with Frame. Measuring at a length/width of 19" and height of 27", this bag can hold up to ten pizza boxes when used with the removable rack that came with your original bag. Without the rack, this tall, versatile bag can hold various other items, like salads, sandwiches, and desserts. It's perfect for large orders and multi-stop deliveries! The thick, foil-covered insulation and secure hook-and-loop strip closures keep pies oven fresh, so your customers can enjoy hot, exceptional pizza no matter the delivery distance. The comfortable crossing carrying straps allow you to stably transport the pizzas, keeping them horizontal and intact. Even if your restaurant does not offer deliveries, this bag can also serve as a holding zone for pizzas that are awaiting order pickup. Designed with convenience in mind, this bag is easy to clean and compactly folds (without the rack) for space-saving storage. It is also resistant to abrasions and mildew, so you can use it at your pizzeria or restaurant for years on end!
