Rolling Pins & Pie Rollers

WRPC5715

ROLLING PIN, WOOD, 15″ L

List Price: $140.40 EA

Pack: 3 Cu. Ft.: 0.49 Weight: 9 lbs

Whatever your preferred style of roller is, American Metalcraft has you covered! Featuring a variety of shapes and sizes, this versatile collection of rolling pins caters to all your baking needs. From rolling out pizza, bread, pasta, and pie dough, to fondant and gum paste, our rollers are a handy upgrade to any commercial kitchen. The best part? Their durable construction can handle the everyday wear and tear of busy restaurants, pizzerias, and diners, so you may never have to buy another rolling pin again!

With a width of 15″ and overall length of 24″, this wood rolling pin and pie roller is an essential tool in your commercial kitchen. Constructed of sturdy maple wood you can dust with flour, it is perfect for rolling out pizza, bread, pie, and pasta doughs. The ball bearings and two handles allow you to achieve your desired dough thickness comfortably, easily, and precisely. Designed for long-term use, this pin is highly durable and its smooth wooden surface is easy to clean. Use this rolling pin at your pizzeria, cafe, restaurant, bakery, diner, or hotel kitchen. Made in a North American Free Trade Association member country. To care for your wood rolling pin, wipe it clean with a damp cloth without soaking.
