Cocktailing is an art. These whisks are a mixologist's right-hand memory maker. Available in a number of sizes, you will always find the perfect option for any size glass.

This 5" L stainless steel bar whisk has a square shape that will ensure every corner of the glass is evenly mixed. The shorter length provides more control when stirring in smaller glasses. This whisk also has a slender build that gives you easy grip. The stainless steel construction is highly durable and dishwasher-safe, so it's built to last. Pair it with our Stainless Steel Bar Utensils so you have all the tools you need for an efficient bar.

- Stainless Steel
- Silver
- Dishwasher Safe
- Slender, Durable Design
