Finally, a contemporary take on melamine dinnerware that provides the ultimate canvas for today's modern cuisine: The Unity Collection. Named for the intersection of form and function, the Unity Collection combines a clean, straight-sided and stackable design with the durability of melamine. The result is delectably inspiring. Available in a wide variety of shapes, sizes and capacities, this dual-toned collection features colorways to approach both the coolest and warmest of decors. Intermix the Graphite and Mocha colors together, add a splash of stainless and a touch of Tritan™ and your recipe is complete. The look is truly extraordinary.

With a capacity of 10 ounces, this 4-1/4" diameter graphite bowl is ideal for serving broth, soups, mousse and other small delights. The white interior ensures your food will stand out, and the graphite exterior is a rich and sophisticated shade to add dimension to your display. This bowl is made from melamine – a break-resistant and dishwasher-safe material that will endure through even the most chaotic environments. Mix and match this bowl with more from the Unity Collection in other shades, shapes, sizes, and materials for a multi-dimensional and cohesive presentation.
