Who says flatware should be the only touch of silver at a place setting? The Unity Collection's satin-finished stainless steel plates and bowls not only bring together form and function at the table, but they unite different materials in a beautiful marriage of modern sophistication. Use as the star of the show or as an accessory; each piece is beautifully designed to add a bit of sparkle to your meal.

Use this 4" diameter satin-finish stainless steel plate as a stunning bread plate or to serve elaborate desserts. It has sides that go up 1/2" which makes it easier to serve runny foods, dips and sauces. The stainless steel construction makes this plate durable and dishwasher-safe, too. Pair it with more of the satin-finish stainless steel plates in the Unity Collection for an unparalleled table setup!
