Customizing your display is a breeze with these amazing modular risers. Available in a variety of sizes and compatible with a wide variety of platters, you can build out the perfect buffet down to size, color and formation. A scion from the Twilight Collection, these risers have the same chic black look that pairs beautifully with any design, from stately marble to rustic wood.

This 10" L x 10" W x 8" H minimalistic black riser has a single tier that rests 4" off the ground. It's the perfect way to add a bit of intrigue to a display, but even better, this riser pairs with two other risers to create a buildable buffet you can make entirely your own. Whether you use this riser on its own or with the rest of the collection, this piece will add a chic modern lift. Pair with its compatible risers in marble melamine or various wood finishes.
