Power your buffet without limits. The BuffetBoost Battery Collection delivers the freedom to go cordless, keeping every presentation effortless and adaptable. At its core is our high-performance lithium-ion battery, designed for compatibility across all BuffetBoost products. The collection expands with versatile charging and power accessories that simplify setup and mobility from buildable charging trays to the flexible PowerPack. Wherever your culinary vision travels, BuffetBoost Battery keeps the energy flowing.

Keep your BuffetBoost setup fully charged and ready to go with the BuffetBoost Charging Tray. Designed to charge up to six batteries simultaneously, this charging tray features individual bays with LED indicators so you can easily track each battery's status. With an on/off switch and a compact footprint, it charges all six batteries in under four hours making it a quick, efficient power solution. Buildable up to four levels high with a 20-amp outlet or three levels with a 15-amp outlet (each tray sold separately), the BuffetBoost Charging Tray adapts to your needs, keeping your service on point with flexibility and scalability. Perfect for large operations ensuring backup batteries are always available. To be used with the BWBAT BuffetBoost battery.
