When design, function, and elegance align, you get true synergy. These chafers shine alongside our BuffetBoost Collection, thanks to their flat-bottom construction that maximizes heat transfer and a hinged, tempered glass lid that keeps warmth in and lid clutter out. Add in premium stainless steel construction and timeless finishes, and you've got chafers that are as hardworking as they are elegant.

This sleek 3 qt. satin chafer brings a modern touch to your buffet spread with its clean satin finish and timeless design. Side handles make transport easy, while the hydraulic hinge keeps the lid from slamming shut. The tempered glass lid gives guests a peek at what's inside without letting heat escape, and the flat bottom ensures seamless contact with our BuffetBoost Warming Block.
