Sometimes indecision is the best part! These tasting flights let you explore a variety of flavors with ease. Available in a few thoughtful designs, they effortlessly elevate your beer, wine, or spirit service. Each flight is crafted for standard tasting glasses and delivers smooth, reliable service from bar to table.

Versatility meets thoughtful design in this acacia tabletop caddy. The removable divider lets it shift from an open catch-all to a structured organizer or tasting flight in seconds, helping you present drinks, sauces, or seasonings with a more intentional, elevated look. When you need a simple cocktail napkin or condiment holder, just lift out the divider for an easy, open caddy. To complete the perfect flight, pair it with our Parker Tritan Glass (BPO5) or our Glass Milk Bottle (GMB8).
